

FOLLOWING MY PASSIONS, FINDING MY WAY

What kind of movies or books do you like?

I really like comics and graphic novels, especially those about Superman and everything related to the DC universe.

What's the name of the book or movie you're going to talk about?

Superman: Red & Blue.

Did you like it?

Yes, I loved it. It's a fascinating graphic novel.

What did you think about the book?

What impressed me and what I admire most about this novel is that, through short stories, it manages to capture the essence of Superman in a very human and profound way. By only using the colors red and blue, the visual narrative becomes very expressive and allows the authors to explore facets of the character that often go unnoticed.

What was it about?

"Superman: Red & Blue" is an anthology of short stories, each one created by a different team of writers and artists. All the stories revolve around Superman and his adventures, but with a visual restriction: only the colors red and blue can be used, in addition to black and white. This creates a unique and experimental artistic style that forces the creators to be very clever in telling moving stories, from his early days as Superboy to his most heroic and personal moments.

WHY DO YOU RECOMMEND IT?

It's a unique visual experience: The use of just two main colors makes each story feel like a work of art. It's something you don't see every day, and it captivates you from the very first page.

It shows the most human side of Superman: Despite being a superhero with incredible powers, the stories here focus on his compassion, his moral dilemmas, and his interactions with ordinary people. It makes you see Superman as a friend or a neighbor, not just as a god.

It's perfect for any reader: Since it's a collection of short, independent stories, you don't need to know a lot about the Superman universe to enjoy it. Whether you're a lifelong fan or this is your first time reading about him, you're going to love it.

What else would you recommend?

I HIGHLY RECOMMEND THE COMIC "SUPERMAN: UP IN THE SKY." IT'S A STORY THAT RESONATES WITH THE CURRENT CRISIS ON THE PLANET. IN IT, SUPERMAN TRAVELS THROUGH SPACE TO RESCUE A LITTLE GIRL WHO HAS BEEN KIDNAPPED, AND HIS JOURNEY LEADS HIM TO QUESTION WHETHER IT'S ENOUGH TO SAVE THE WORLD, OR IF HE MUST ALSO SAVE A SINGLE PERSON. IT'S A STORY THAT TALKS ABOUT EMPATHY, INDIVIDUAL RESPONSIBILITY, AND WHAT IT TRULY MEANS TO BE A HERO

Where do you see yourself in five years?

In five years, God willing, I see myself living with my family in one of the northern countries, more specifically in Canada.
